**Church Staff, Heart4Schools Leaders, Volunteers, School Administrators,  
Foster or Adoptive Parents:**

Every day we hear of children or teens who are hurting. They are in our homes, our schools, Good News Clubs, Sunday Schools and Youth Groups. We often recognize them by their behavior. The tendency can be to ask ourselves, "What is wrong with him/her?" instead of "What happened to him/her?" We often don't know how to best respond.

Join us to learn more:

- What is trauma?
- How does it affect a child (or adult)?
- How can we sensitively connect with children from hard backgrounds?
- How can we identify challenging behaviors and promote healing instead of harm?

## Guest Speaker - Tana Dukes

Low Country Director of  
Foster Care at Connie  
Maxwell Children's  
Ministries;  
TBRI® Practitioner

Tana will lead us in a  
TBRI® Introduction and  
Overview Training.

TBRI® is an attachment-based, evidence-based, and trauma-informed intervention that is designed to meet the complex needs of vulnerable children. TBRI® uses Empowering Principles to address physical needs, Connect Principles for attachment needs, and Correcting Principles to disarm fear-based behaviors.

The TBRI® Introduction and Overview training is designed to expose you to all parts of TBRI® by highlighting the ways in which each section of the intervention strategy fits into the holistic nature of TBRI.

*"When you connect to the heart of a child, everything is possible." – Dr. Karyn Purvis*
